PROFESSIONAL EXPERIENCE

Career break — M.Sc. thesis and relocation from Barcelona to Brazil — Apr 2026 – Aug 2026

Operations Project Lead · SNL Commercial Property Services

Jul 2024 – Apr 2026

Melbourne, Australia · Commercial services · 200+ employees · 16 sites · Team Lead (contract, part-time) Jul 2024 – Jul 2025, promoted to Operations Project Lead

- Achieved **100% SLA compliance across 16 commercial sites** within one quarter, by leading a 50-person cross-functional team with Agile cycles and OKR-aligned priorities.
- Cut **supplier costs by 35%** across 16 sites, by forecasting consumable demand and tying vendor contracts and cost reporting to SLA targets.
- Kept a 16-site program on schedule with weekly milestone reports to senior leadership, by running PRINCE2-aligned governance: scope, RAID log and change control.
- Earned promotion from Team Lead to Operations Project Lead within 12 months, by building trusted working relationships with the building managers of every site I covered.

Project & Operations Manager · Origani

Dec 2024 – Jun 2025

Melbourne, Australia · Luxury cosmetics · US$5M revenue · 50+ employees · Full-time

- Cut **supply-chain lead time by 20%**, by owning ingredient procurement end to end (sourcing, quotes, supplier selection and purchase decisions within budget) with partners in Australia, Asia and Europe.
- Delivered a **Microsoft Dynamics 365 ERP** rollout across production and supply chain in 7 international markets, by leading data migration, vendor coordination and user training.
- Gave leadership a live financial view of 3 departments and reduced executive escalations, by building Power BI dashboards combining operational and cost data.

Co-founder & CTO · Fusion Clinic (healthtech)

Mar 2023 – Dec 2024

Natal, Brazil · Marketplace connecting healthcare professionals to medical offices · Joined as Project Manager, became partner and technology lead

- Shipped features **35% faster** across a portfolio of **6 concurrent projects** (marketplace app, ERP integration, automation), by leading a 12-person squad with Scrum and OKR-based prioritization.
- Took a healthcare marketplace from first wireframe to the **Web Summit Lisbon 2023** stage, the first startup from Rio Grande do Norte there, by owning discovery, roadmap and the AI matching feature.
- Migrated the platform from legacy hosting to AWS with minimal downtime, by designing and running the cloud setup with an outsourced development team.
- Kept founders aligned on scope and spend by reporting roadmap and budget, and presented the program roadmap to international investors and partners.
